**CooperSurgical, Inc. Notice Regarding the Discontinuation of classic Paragard® and NDC
Change to Paragard Single-Hand Inserter Product and Impact on 340B Inventory
Management/Accumulators**

In August 2024, CooperSurgical launched Paragard® Single-Hand Inserter new NDC (59365-5129-1) to replace the classic Paragard® (59365-5128-1) and instructed its trading partners that they will begin phasing out the existing classic Paragard® under the old NDC.

340B Inventory Replenishment: Because the new NDC is for the same product (drug, dose, formulation, or volume) with the same 340B price as the corresponding old NDC, CooperSurgical believes that a covered entity utilizing a 340B inventory replenishment model may count accumulations of the classic Paragard® (59365-5128-1) toward replenishment of equal quantities of the corresponding Paragard® (59365-5129-1) (see table below). Any questions regarding this matter can be directed to Aldina.pemberton@CooperSurgical.com

The table below reflects the old and new NDCs.
