

## FY2024:HRSA’s Rural Health Grants

### Connecticut Fact Sheet | November 2024

The Health Resources and Services Administration (HRSA) – through the Federal Office of Rural Health Policy (FORHP) – **provided over \$500,000 in funding to the state of Connecticut to increase health care access, strengthen health networks, and focus on care quality improvements for Critical Access Hospitals and small rural hospitals.** FORHP also supports HRSA’s goal to achieve equity for rural Americans by funding efforts to strengthen health care delivery systems, advance maternal health care, reduce the morbidity and mortality associated with substance use disorder, and improve the financial viability of rural hospitals.

By increasing access to quality services and training a more skilled health workforce, these investments from FORHP have allowed communities in Connecticut and across the country to improve health outcomes and address health disparities.

Program Name	Grantee Name	County	Award Amount	Congressional District
Rural Health Network Development Program	Northwest Hills Council of Governments	Litchfield	\$300,000	CT-05
State Offices of Rural Health	Northwestern Connecticut Community College	Litchfield	\$218,681	CT-01
